IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of: Harrison, Stephen J., *et al.*
Serial Number: 10/772,321
Filed: February 6, 2004
Title: Method and Apparatus for Solar Collector with Integral Stagnation Temperature Control
Group Art Unit: 1753
Confirmation No.: 6487
Agent Ref. No. 2001-023-03US

Assistant Commissioner for Patents
Washington, D.C.
20231

Dear Sir,

Information Disclosure Statement

Applicants are aware of the publications listed on the attached Form PTO-1449 and, in accordance with 37 C.F.R. §1.97, hereby submit these publications for the Examiner's consideration. Copies of all non-U.S. patent references are attached.

For the Examiner's interest, a copy of the International Search Report for corresponding International Patent Application No. PCT/CA2004/000162 is enclosed.

This statement is not to be interpreted as a representation that the cited publications are material, that an exhaustive search has been conducted, or that no other relevant information exists. Nor shall the citation of any publication herein be construed *per se* as a representation that such publication is prior art. Applicants understand that the Examiner will make an independent evaluation of the cited publications.

No additional costs are believed to be due in connection with the filing of this Information Disclosure Statement. If, however, a first Office Action on the merits issues in the application bearing a mailing date prior to the date of this Information Disclosure Statement, please charge the appropriate fee as required under 37 C.F.R. §1.17(p) to our Deposit Account No. 17-0110.

Respectfully submitted,

Stephen J. Scribner
